EDUCATION

Present 2020 ● **Bachelor of Computer and Information Sciences in Application Development**
The Independent Institute of Education
Varsity College

2019 ● **NSC**
Palmview Secondary School

WHY ME?

As a soon-to-be Computer Science graduate passionate about programming and taking a real-world problem and solving it digitally.
Seeking challenging work opportunities that allow me to continue learning and developing as a Computer Programmer alongside a team of some of the best professionals in the field. An internship or research opportunity will allow me to utilize my problem-solving skills and attention to detail to further develop my abilities in the field of computer science. Skillful at hardware and software. I am goal-driven, work well under pressure have excellent time management. I can use my programming and technology experience to learn and adapt to multiple environments.

WORK EXPERIENCE

Present 2021 ● **Software Application Development**
Self Employed ● Durban
- Designed and made a VAT & TAX system.
- Develop an excel wages sorting system.
- I worked with an accountant to understand their perspective and used researching skills to gather information on VAT & TAX.
- Ensured the data the system processed was correct.

2019 ● **Volunteering - ISKCON Festival of Chariots**
Volunteer ● Durban
- I ensured goods were packed efficiently and properly.
- I was required to read out prices from tags.
- I inspected musical instruments before they were sold.
- I upheld quality control in clothing items.
